

**Divya G Pillai**

**Assistant professor**

**Educational Qualifications:** B Tech in Electrical and Electronics Engineering

M Tech in Control and Instrumentation Engineering

**Areas of Specialization:** Electrical Machines, Control System, Power Electronics

**B Tech Project:** Automatic Star-Delta Starter for Induction Motors

**M Tech Project:** Non-linear state estimation of PMSM using derivative – free and square – root Cubature Kalman Filter (CKF)

**Publication:** “Non-linear State Estimation of PMSM Using Derivative-Free and Square-Root Cubature Kalman Filter”

**Additional Certifications:** CAD Software: AutoCAD, Electrical CAD, Primavera

NPTEL certification in Transducers for Instrumentation

**Teaching Experience:** 3 years
